Mission
We reveal and foster God’s healing love by improving the health of the people and communities we serve, especially those who are poor and vulnerable.

Vision
Inspired by our faith,

- We will be distinguished as the trusted person-centered partner to those who engage with us in their physical, mental and spiritual health decisions.
- We will share accountability with clinicians, associates and affiliated stakeholders to deliver exceptional care that is well-coordinated, accessible, affordable, safe, and results in optimal outcomes for individuals and populations.
- We will grow as community-based health networks in partnership with others who share our vision and values and align with us to be an essential provider to those we serve.

Values

- Caring Spirit – We honor the sacred dignity of each person.
- Excellence – We set and surpass high standards.
- Good Humor – We create joyful and welcoming environments.
- Integrity – We do the right thing with openness and pride.
- Safety – We deliver care that seeks to eliminate all harm for patients and associates.
- Stewardship – We are accountable for the resources entrusted to us.
Dear Friends,

2018 was a banner year! The St. James Foundation couldn’t be more grateful for the continuous growth and the constant love and support from our mighty community….from the bottom of our hearts, we want to say THANK YOU!

The St. James Healthcare Foundation, with the help of our loyal donors and community, was able to raise $567,000 to assist our programs, funds, and services to help us continue living out our mission to reveal and foster God’s healing love by improving the health of the people and communities we serve, especially those who are poor and vulnerable. In addition, we were awarded a $4.68 million grant from the Helmsley Charitable Trust ... to say we are excited is a true understatement!

We started the year off with a bang! Our very dear friend, Dr. James “Doc” Patterson, made a gift to the Foundation to establish the Foundation’s first ever endowment, The Dr. James and Meryl Patterson Endowed Fund, in early 2018. This endowment was established to make a true impact on the greatest needs of the hospital. St. James Healthcare and Foundation are so grateful for the generosity of Doc and Meryl and the legacy they have already carved into Butte’s history.

In addition to establishing our first endowment, we had the best year to date with our events. Spirit Gala 18: Mardi Gras and Fall Ball 18: PROM brought in over $175,000 to help provide the crucial and proper upgrades necessary for our Labor & Delivery department. These upgrades included implementing CertaScan, a digital scanning system of baby’s feet to capture precise identification of a newborn, making St. James the first hospital in Montana to have this security. Proceeds also started St. James’ first ever new mom’s support group spearheaded by our own OB-GYN, Dr. Laura Twist.

Our 2018 Caring Spirit Associate Giving Campaign raised a whopping $50,000, with 45% of all staff and leadership participating and giving to our Patient Compassion Fund, Associate Crisis Fund or Greatest Need Fund. Through these efforts, we are able to make a tremendous impact for our patients, associates, hospital and community all year long.

We are honored to continue the important work of locating and attaining financial support in order to maintain and build excellent health care in southwest Montana and are looking forward to another successful year!

Thank you, again, for your continued support,

Kacie Bartholomew
Director,
St. James Healthcare Foundation
Dear Friends,

2018 was an exciting year at St. James Healthcare as we proudly continued our Mission to improve the health of the people and communities which we serve, especially the poor and vulnerable. As reported in our 2018 Annual Report to the Community, we contributed a total of $11,702,242 to benefit Butte and southwestern Montana. Included in this amount is our cost of charity care, medical costs not paid by Medicaid, and services to the community, such as health education programs, screenings, and athletic training services provided at area schools and colleges.

St. James Healthcare remains dedicated in its vision to provide premier person-centered care while forming strong community-centered networks and relationships. In 2018, we partnered with community programs such as The Heart of Butte’s Community Cafe, Montana Tech’s Purse Strings Brunch in support of the Safe Space of Butte, and the American Cancer Association’s Relay for Life.

We were truly honored by The Leona M. and Harry B. Helmsley Charitable Trust in 2018, as St. James Healthcare was awarded a $4.68 million grant. The funds will be used to build a two-lab cardiac catheterization suite. The new capabilities will allow St. James Healthcare to increase regional cardiovascular care capacity and offer state-of-the-art treatment to patients in and around Silver Bow County. We could not have secured this grant without the role St. James Healthcare Foundation played in securing the grant from the Helmsley Trust.

I look forward to the many opportunities the future holds for St. James Healthcare as we continue our commitment to provide quality care in Butte-Silver Bow and our surrounding communities.

Sincerely,

Jay Doyle, President
St. James Healthcare
As I take a jaunt down memory lane, with my 20-year high school reunion upon me, I reminisce about being 17, young and carefree, going nowhere without my guy and gal pals and our whole lives ahead of us. I think some of the best of memories definitely came from what we deem our “glory days.”

As a graduate of the class of ‘99 from Butte Central High School, I played first base for the Butte Central Maroons softball team. For those of you who may remember, you will recall that our softball team was Class A State Champions with a 26-0 record. It was pure magic…something that we could only dream of, and the teamwork, friendships and camaraderie that came with it still lives with us today. This was largely due to our fearless leader who pushed us to be our best and to never give up, our head coach, Meg Murphy.

After graduation, we all went our separate ways. College, weddings, kids and careers all followed after. I would always check in with my dad to see how this year’s softball team was doing and sometimes traveled to watch when my cousin Jodi was their All-State pitcher. But I lost touch with our coach. Meg continued to coach softball and then went on to coach her own daughters in basketball (for those of you don’t know Meg Haran Murphy, she is not only an accomplished coach with numerous state championships under her belt but was one of the best female athletes Montana has ever seen). I certainly cheered her on from afar, but we didn’t really keep in touch…it’s just life, right? So when my phone rang at the Foundation and I heard, “Hi Kace, it’s Meg!”, I was thrilled to say the least.

This time around, it wasn’t about sports or my former high school, it was about another passion of Meg’s and a golf tournament that she started with longtime friend, Ann Watson, to raise money in support of cancer patients. Ann had since passed but Meg kept the tradition alive and every year the tournament grew bigger and bigger. Meg wanted to talk about what it would look like to give the proceeds from their latest tournament to the Foundation with designation to the Cancer Center. She made it clear that their passion was to help local patients and our local facility. I knew right then we would be able to provide the option to give to our Cancer Center and it would align with the committee’s wishes.

This time around, it wasn’t about sports or my former high school, it was about another passion of Meg’s and a golf tournament that she started with longtime friend, Ann Watson, to raise money in support of cancer patients.
After a few conversations about how we would utilize the money raised to assist cancer patients in need, Meg handed over the first check from the previous two tournaments in the amount of $15,000. And over the last four years, I am proud to say that the Uno’s Charity Golf Tournament and the Connecting for a Cancer Cure committee has raised and given $72,000 to the St. James Cancer Center.

Never in my wildest dreams did I envision that we would be here today, helping as many patients as we can, making differences in their lives.

To say they’ve made an impact is an understatement. In four years, these dollars have assisted patients with travel and lodging needs. We serve not only Butte but all of southwest Montana and have patients who travel great distances to receive treatment. We have helped with medication co-pays, at-home medical equipment and sometimes even basic survival needs. We have been able to provide wigs, head scarves, water bottles, spa services and more to help keep patients comfortable. In the last year, we have been able to utilize these dollars in a big way with the creation of a private consultation room for our physician, nurse navigator and patient, rightfully named the Uno’s Charity Golf Consultation Room.

Most recently, it was decided that we would utilize the 2018 tournament proceeds to start our Cancer Center’s first ever endowment, the Connecting for a Cancer Cure Endowed Fund. By creating this endowment, the funds for the St. James Cancer Center will live on in perpetuity and we will be able to continue with the committee’s wishes for a lifetime and beyond.

I can’t thank Meg, Ginger, and the rest of the Uno’s Charity Golf Tournament committee (you know who you are) for your dedication and partnership with the Foundation and our Cancer Center. Never in my wildest dreams did I envision that we would be here today, helping as many patients as we can, making differences in their lives and keeping their care close to home all largely due to the day Meg took a chance on calling me.

And for that, we will forever be grateful.

For more information on the St. James Cancer Center Fund or Connecting for a Cancer Cure Endowed Fund, please contact the Foundation at 406-723-2828.
Small Community … BIG Impact!

I’m sure you have all heard of the phrase, “Butte Tough” right? When I think about this phrase and the meaning it has to me, especially in the fundraising world, it means that we stand together. We stand as a community. We support one another. We give the last dollar out of our pocket or the last hour of our time to make a difference in our community which we love and are so proud to call home.

This really spoke true to me after our Spirit Gala 18: Mardi Gras event. When it was determined that we would be raising money for our Labor and Delivery department, we knew we needed to blow our fundraising efforts out of the water. As the mom of a four-year-old boy, it seems like yesterday that I was on the 4th floor receiving the most incredible care from all of the labor and delivery nurses, my on-call physician, Dr. Kate McGree, and our Senior Director of Women’s Services, Debbie Forkan. What an all-star team we have for our new moms and babies!

In addition to the new furniture, cribs, monitors and other goods and supplies that we needed to raise money for, Debbie Forkan mentioned that she would love to see St. James be the first hospital to offer the CertaScan, a new technology that creates a digital scan of an infant’s footprint, replacing the traditional ink-and-paper method. I knew we wanted to help make St. James the first in the state with this technology.

After our Spirit Gala efforts and the support of our community, St. James DID become the first hospital in the state to offer CertaScan. This digital foot printing offers more detail and durability than the other methods, which means no smudging or fade over rendering the prints useless in identification cases. The CertaScan encrypted database applies a unique numerical code to each footprint, which allows for only the hospital to have access to the infant’s identity. Since 1965, 325 infants have been abducted, according to the National Center for Missing and Exploited Children, and approximately 45% of infant abductions occur at healthcare facilities.

After our Spirit Gala efforts and the support of our community, St. James became the first hospital in the state to offer CertaScan.

The St. James Auxiliary agreed to champion the effort by giving $2500 to pay for one year of the service with a match by Dr. Nick & Judy DiGiovine and the Montana Standard, ensuring that Labor and Delivery would start with three years of the service at no cost to them.

Spirit Gala 18 raised over $160,000 toward support of Labor and Delivery, including pack n’ plays and Halo sleep sacks for moms and new babies after discharge, new furniture, cribs and pediatric monitors for the whole floor and our newest security system, CertaScan.

Special thanks to the St. James Auxiliary, Dr. Nick & Judy Digiovine, The Montana Standard and Dan & Kim Steele for helping to make this all possible.
Awards & Recognition

• St. James Healthcare became the first hospital in the state of Montana to offer digital footprinting for babies. The proprietary system, developed by CertaScan Technologies, allows the hospital to capture high resolution newborn footprints which can be used for precise identification in situations like an abduction, lost baby or natural disaster. The digital footprints and security photo can be stored efficiently in the newborn’s electronic medical record. And, much like finger prints, footprints are biometric and unique to each baby, so they can be used for identification throughout a lifetime.

• St. James Healthcare Trauma Center Receives Verification from The Committee on Trauma of The American College of Surgeons. We are dedicated to providing high-quality trauma care to Butte and its surrounding communities. To ensure patients continue to receive the best care, St. James extended its Level III Trauma Center verification from The American College of Surgeons (ACS). The Level III verification means that the hospital has demonstrated an ability to provide prompt assessment, resuscitation, surgery, intensive care and stabilization of injured patients and emergency operations, including 24-hour immediate coverage by emergency medicine physicians and prompt availability of general surgeons and anesthesiologists.

• St. James Healthcare received a grant from the Montana Healthcare Foundation to helps its tiniest patients. The first 1,000 days are the most critical time in human development, according to Dr. George Mulcaire-Jones of St. James Healthcare. From the time of conception to a child’s second birthday, his or her brain is becoming the most complex thing in human biology. Thanks to a $150,000 grant awarded to the St. James Healthcare Foundation by the Montana Healthcare Foundation, St. James Healthcare and a network of community partners will be able to team up to assist mothers in our community who are in the most need.

• The Accreditation Committee of the College of American Pathologists (CAP) has awarded accreditation to Laboratory of St. James Healthcare. The St. James Healthcare laboratory can count itself as one of more than 8,000 CAP-accredited facilities worldwide. “CAP accreditation is the ultimate measure of medical laboratories and places the lab at St. James among an elite group” says Mary Ann Jones, MLS, ASCP, Laboratory Director. “This achievement further displays St. James Healthcare’s commitment to providing the Butte Community with the highest quality of care and laboratory standards.”
2018 Measures of Impact

Donors Directed $3.8 Million to the Following:

- **Cardiovascular**: $3,202,685
- **Charity Care**: $24,033
- **Oncology & Cancer Care**: $23,350
- **Other**: $197,689
- **Greatest Need**: $101,349
- **GME & Associate Education**: $25,425
- **Community Health & Wellness**: $172,215
- **Mom/Baby & Pediatrics**: $19,704

---

**Annual Admissions**: 3,558

**ER Visits**: 17,301

**Surgeries**: 2,223

**Deliveries**: 255

The Saint James Healthcare Foundation gratefully accepts gifts to support Saint James’ mission. No gift is too small, and your gift will be used for the project or program of your choice. Your contributions are tax deductible, and you will receive a letter of acknowledgment for tax purposes. Donors have the option to be publicly recognized in a number of ways in our hospital.

Donate by Mail or Phone
Donations are accepted over the phone by calling 406-782-5670 or by mail at:
St. James Healthcare Foundation
400 S. Clark St., Butte, MT 59701
(406) 782-5640
Payments Accepted: Cash, Check, Credit/Debit Card, Cashier’s Check or Money Order

Online Giving
Visit www.stjameshealthcare.org/foundation to make a secure, online donation today with a credit or debit card. One-time and recurring payment options are available.

Planned Giving
Planned gifts provide resources that create extraordinary opportunities and preserve our future. Planned gifts include cash and pledge gifts of bequests, trusts, life insurance, and retirement assets.

Corporate Giving
Help your company and your employees make an impact here in Butte. Get involved with St. James Healthcare Foundation through contributions, grants, or events via Corporate Gifts and Sponsorships.

Foundation and Corporate Grants
We welcome the opportunity to work with foundations and corporations on philanthropic grants to the St. James Healthcare Foundation.

Stocks and Appreciated Securities
One way to boost your charitable contributions is to give shares of appreciated stock instead of cash. They are easily valued without an appraisal and easy to transfer. Donating appreciated securities before they are sold typically results in a tax advantage. A tax deduction is normally allowed based on the market value at the time of the gift. Since the deduction is based on current value rather than cost, no tax is paid on the appreciation.

Tribute Gifts
Tribute gifts are given in honor or memory of a special person – perhaps a caregiver, family member, or friend. They are given in thoughtful remembrance of a life; in recognition of a special occasion; or in appreciation of service. These tributes serve as a permanent expression of love, honor, and recognition.

Endowments
Endowments are invested for growth and income in a diversified portfolio and are strategically managed by the SCL Health Finance team. Each endowment distribution is used according to the donor’s intent as outlined in a formal agreement between the donor and the Foundation. Funds earned from an endowment may support a program and are distributed to the hospital annually in accordance with the policies established by the St. James Healthcare Foundation.

Real Estate
The St. James Healthcare Foundation accepts gifts of real estate, including houses, condominiums, commercial properties, farm land, rental property, and undeveloped land after a thorough review of the property and its potential usage by the Foundation.
