

St. Joseph Hospital

Seeking an Experienced Structural Heart / Cardiology Advanced Practice Clinician/APC (NP or PA) Opportunity with SCL Physicians / SCL Health, Denver/Boulder Area, CO

SCL Health, has recently opened a search for an NP/PA with Structural Heart experience to join a group of 18 physicians and 4 APC's with the Heart Institute of Colorado. Your future colleagues include EP, General/Imaging and interventional cardiologists. The team is dedicated to providing high quality heart & vascular care through a comprehensive regional network. The group is collegial and supportive.

Opportunity highlights include:

The person in this position is responsible for all the coordination of testing and preparation of case documentation including history for patients being seen in valve clinic and for consideration of potential valve replacement at St. Joe's. The person in this position takes care of pre and post procedure patient interaction, rounds with physicians on structural heart patients, and conducts follow ups during the post-operative global period thus freeing up the surgeons and interventional cardiologists to see other patients. This position is now becoming involved in Watchman case work up and will be integral in the development of future program growth-namely Mitraclip

Saint Joseph Hospital is one of 4 SCL Health Hospitals in the Denver/Boulder area and was awarded America's 100 Best Hospitals by Healthgrades in 2014, 2015 & 2016 (Top 2% in the nation). St. Joseph Hospital facts include:

- Saint Joseph Hospital has been in the area for more than 140 years, recently opening a new facility in 2014.
- 365 bed hospital specializing in heart and vascular care, cancer treatment, L&D, respiratory health, ortho and emergency care.
- Saint Joseph's is also a teaching facility, hosting family medicine, surgery, OB/GYN and Internal medicine residency programs.
- Offers a highbred OR, which focusses on rapid care for patients needing to move from an intervention to surgery.
- Established growing program
